

# MAXWELL AHORLU

+233 0244534628 • Quammy93@gmail.com • Accra, GHANA DC 115 • WWW: [Bold Profile](#)

## Summary

Expert in multiple programming languages, frameworks and development tools. Dedicated to code quality and project efficiency. Accomplished and versed in multiple programming languages and development frameworks. Analytical in approaching and resolving design problems. Enthusiastic Teacher with 10 years of experience. Secures team success through hard work, attention to detail and excellent organisation. Energetic employee well-versed in strong communication and organisation skills. Seeks solutions to problems and applies extensive analytical knowledge to findings. Adept at multi-tasking, leading group discussions and managing projects. Seasoned Cloud Architect with experience designing, implementing, and managing secure cloud infrastructure. Skilled in multiple programming languages, database management, and cybersecurity protocols. Previous roles enabled significant improvements to system reliability and efficiency. Strong understanding of cloud architecture principles with ability to identify opportunities for business growth through technological advancement.

## Skills

- Project planning
- Software development
- Policies and procedures
- Algorithm implementation
- Software deployment
- Development life cycles
- Database programming
- HTML expertise
- Software documentation
- Software applications
- Cloud architecture design
- Cloud security practices
- Migration strategies
- Scalability assessment
- Deployment processes
- Serverless computing
- DevOps methodologies
- Containerization technologies
- Python coding
- Cloud computing

## Experience

08/2025 - Current

### Cloud Architect, **AWS Training With AmaliTech**

- Designed cloud architecture solutions for various customer needs.
- Implemented best practices for cloud security and compliance standards.
- Analyzed existing systems to recommend cloud migration strategies.
- Reviewed architectural designs to ensure scalability and performance efficiency.
- Managed documentation of cloud infrastructure and deployment processes.
- Collaborated with developers and other stakeholders to ensure successful

deployment of applications on the cloud platform.

08/2023 - 07/2025

Developer Intern, **Ngoane Health Tech Company**

- Collaborated with cross-functional teams to ensure seamless integration of new features.
- Adapted quickly to new technologies and programming languages, enhancing overall team productivity.
- Debugged complex software issues, leading to a more stable product release.
- Continuously updated skills through training courses, workshops, and self-study—staying current on industry trends and emerging technologies.
- Worked closely with clients to gather requirements and translate them into technical specifications for implementation.
- Participated in regular code reviews, ensuring high-quality standards were consistently met across all development efforts.
- Conducted thorough code reviews to ensure adherence to coding standards and best practices.
- Built databases and table structures for web applications.
- Analyzed work to generate logic for new systems, procedures and tests.

09/2013 - 08/2022

Teacher, **GES**

- Administered assessments to determine each student's specific educational and social needs.
- Met regularly with parents and guardians to discuss children's progress.
- Planned and organised classrooms that consistently facilitated positive learning experience.
- Adapted teaching methods and materials to meet students' varying needs and interests.
- Worked collaboratively with other teachers to review data and develop instructional strategies to address student learning objectives.
- Preserved confidentiality of student records and information at all times.
- Established productive rapport with parents, encouraging parental involvement to boost student achievement.
- Collaborated with other teachers to coordinate social activities and field trips in alignment with curriculum.
- Completed training courses to keep up-to-date with new teaching methods and developments in field.
- Developed and implemented classroom routines to address varying student needs.
- Assisted with organisation and administration of standardised testing.

---

**11/2023**

## Education

**Software Engineering**, Mastercard Foundation  
**ALX AFRICA**, Ghana

**07/2017**

**Bachelor Of Education**, Accounting  
**Valley View University**, Ghana

**07/2013**

**Diploma In Basic Education**, Early Childhood  
**Jasikan College Of Education**, Ghana

## Activities And Honors

- Ghana National Association of Teachers(GNAT)
- Regulated By National Teaching Council(NTC)
- Young African Leaders Initiative(YALI)
- ALX Room Fellowship(ALX Fellowship)

## Additional Information

self taught python programmer  
self taught HTML and CSS Programmer  
self taught Django for Backend  
self taught Nodejs  
self taught Flask framework  
self taught Javascript  
self taught React  
self taught Next.js

## Accomplishments

- Documented and resolved plans, contributing to Rxkonet.com.
- Collaborated with team of five in development of Rxkonet.com.
- Initiated a training program for over 150+ students to trained in basic coding.
- Collaborated with team of 4 in development of website call REVEEW for product reviewing.

## Certifications

- Certified Software Development Professional
- Certified Cloud Architecture
- Certified Internet Web Professional
